**About Us**

As with any major purchase, your roof needs to be looked after and maintained. After all, it is literally protecting your biggest investment. We know that there are many roofing companies that you could choose from but while many businesses perform their tasks adequately, we believe that Chouinard Bros. stands apart from the competition for several reasons.

**Call us today to receive a quote for your home!**

Every Roof Care Bundle starts with an Inspection...

# WHY GET YOUR ROOF INSPECTED?

You have spent a lot of money on your home. You take pride in the plants and flowers that you have planted and the paint colours you have chosen for your walls. Every piece of furniture was carefully selected to show your personality and create a home for your family which is comfortable and inviting. Your home is there to protect you when a family member is sick or when

you have just had a stressful day at work. And you know that in order for your home to take care of you... **you need to take care of your home.**

Scheduling annual inspections of your roofing system is important because you want to make sure it will always be able to protect your family. But climbing up on a roof is a task best left for the professionals. Roofers know what to look for and are prepared with the right tools and equipment to get the job done properly.

## ***Today's tools include more than a ladder!***

Our skilled Service Technicians come prepared with the latest technology so they can take pictures while they are on your roof to properly document everything...the good and the bad. They also have tablets which allow them to prepare your report without delay. There are no lengthy delays necessary because we have given our Roofers everything they need and that means that you are getting the information straight from the person who actually stood on your roof!

- ⇒ Trusted and experienced professionals
- ⇒ Unbiased report with pictures and descriptions
- ⇒ No pressure to get unnecessary repairs

- ⇒ Track how your roof is aging so you can be prepared for when it needs to be replaced
- ⇒ If a repair is recommended, you will receive a quote detailing the work and the timeframe for when it should be completed enabling you to make **informed decisions**

Wouldn't it be nice if all the arrangements were...

# TAKEN CARE OF

There are some things in life that you just don't want to have to worry about...and cleaning your eavestroughs is one of them! And yet every Autumn you watch the leaves fall and collect in your gutters dreading the inevitable calls to find someone who can take care of this task for you.

So why not leave it to a Company you already know and trust?

**Chouinard Bros. Roofing and Aluminum** has been in business since **1974**. That means that you will no longer have to deal with a company that opens up one year and has closed down the next. Our highly-trained Service Technicians have over a **100 years** of combined experience in the industry so

they know how to take care of your property in the respectful manner you deserve.

## SAFETY FIRST

We have invested in the latest technology so we can complete the cleaning of your eavestrough efficiently and effectively from the ground. Using a telescopic poles that extend up to your troughs with a high-powered vacuum to remove the contents. The contents is collected in a canister that separates the liquid and debris so all of the garbage can easily be removed from your home.

## ADVANTAGES OF PRIORITY SCHEDULING

Another advantage of signing up for the Roof Care Bundle is priority scheduling for repairs. Every homeowner who experienced the wind storms in 2018 knows that it was difficult to find anyone who could come out to your home to complete repairs. And when you felt forced to deal with an unknown company, you never knew what kind of quality you were getting for the money you were paying.

Priority scheduling means:

- ⇒ No calling around
- ⇒ Peace of mind
- ⇒ Knowing you are dealing with trusted professionals
- ⇒ Quality repairs
